Baby, it's been a long time coming,

Such a long, long time.

Can you hear my heart beating?

Ab Eb  
Can you hear that sound?

Cm Gm  
Cause I can't help thinking,

Ab Eb Eb Eb  
And I won't stop now

Ab  
And then I looked up at the sun,

Eb  
And I could see,

Cm Ab  
Oh, the way that gravity pulls on you and me,

Ab  
And then I looked up at the sky,

Eb  
And saw the sun,

Cm Ab  
And the way that gravity pushes on everyone,

Ab7  
On everyone.

Eb Cm Gm

have come all around

Cm Gm  
I can hear your heart beating,

Ab Eb  
I can hear that sound,

Cm Gm  
but I can't help thinking.

Ab Eb Eb Eb  
And I won't look now.

Ab  
And then I looked up at the sun,

Eb  
And I could see,

Cm Ab  
Oh, the way that gravity pulls on you and me,

Eb  
And then I looked up at the sky,

Cm  
And saw the sun,

And the way that gravity pushes on everyone,

Ab7  
On everyone,

On everyone.
