Coldplay - I Ran Away

Tom: Bb

Verse 1:

```
C         Am
I ran away from you,

Am          C
That's all I ever do,

C              Am
And though I started here,

Am          C
I ran away from you,

C            Am
I'm gonna come on in,

Am          C
And see it through,
```

Verse 2:

```
C           Am
I ran away from you,

Am          C
That's all I ever do,

C              Am
And when I heard you call,

Am          C
"Come back to me",

C            Am
I know I should stay,

Am                  C
I don't have the stomach to,
```

Note: Dm is an additional chords since this song use C as a
      family chord. So playing Dm might sounds a bit funny. So take
      note that in bass guitar you'll have to play it as B in the 2nd
      last line when you catch the Dm. So it could be Dm too.

```
C G
Everyone I know says,

       G           Dm
I'm a fool to mess with you,

C G
Everyone I know says,

       G        Dm
It's a stupid thing to do,

C       G
I have your love on call,

          G     Dm
```

And yet my day is so full,

```
        G              Dm
There might be nothing left to do,

       G        Dm C
So I ran away from you,

Verse 3:

```
C         Am
I'm gonna come on in,

Am        C
My eyes are closed,

C          Am
I can feel it there,

Am          C
The sun's so close,

C              Am
I'm gonna come on out,

Am          C
And burn the sky,
```

Riff:

```
G           Am
A star arose in my own cage,

G           Am
I'm stuck in life and in a cage,

G           G
Just a single star,

            Am
I sing for,
```

Note: Same as the first Chorus.
```
C G
Everyone I know says,

       G           Dm
I'm a fool to mess with you,

C G
Everyone I know says,

       G        Dm
It's a stupid thing to do,

C       G
I have your love on call,

          G     Dm
And yet my day is so full,

        G              Dm
And I did not know what to do,

       G        Dm C
So I ran away from you,
```
