Coldplay - O

Tom: A

```
D A Gbm E

D           A
A flock of birds
Gbm         E
hovering above
D           A
Just a flock of birds
Gbm                     E     A
That's how you think of love

      D        A
And I always
               Gbm
Look up to the sky
                  E      A
Pray before the dawn
      D           A
Cause they fly always
               Gbm
Sometimes they arrive
                    E
Sometimes they are gone
         A   D
They fly on

D                A
A flock of birds
Gbm          E   A
Hovering above
D            A           Gbm
Into smoke I'm turned and rise
```

```
                  E   A
following them up

        D  A
Still I always
             Gbm
Look up to the sky
                 E    A
Pray before the dawn
            D    A
Cause they fly away
                Gbm
One minute they arrive,
                        E
next you know they're gone
          D A Gbm E
They fly on
     D A Gbm E A
Fly on

        D
So fly on
        E      A
Ride through
                       Gbm
Maybe one day I'll fly next to you

      D
Fly on
        E      A
Ride through
                       Gbm
Maybe one day I'll fly with you
       D A D A
Fly on
```
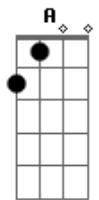

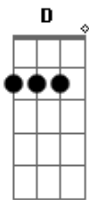

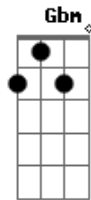

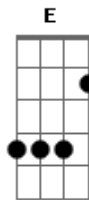

Acordes

A   D   Gbm   E
