

## Coldplay - Talk Versão Alternativa

```
Tom: G
  Verse 1:
Under the great north star
Try to work out where you are
           Em
In the silence of the sea
I don't know where I've been
In the future, in the past
Going nowhere much too fast
      Em
When I go there go with me
             D
Ahhhhh, When I go there go with me
1st Chorus:
'Cause I don't know where I'm going but I wanna talk
(C Em G)
I feel like I'm going where I've been before
And I wanna talk
Interlude:
C Em G D x2
Verse 2:
Take a picture of
Something that you're not sure of
Bring it back to show me
But I don't know what I see
In the future, find a home
           D
Getting nowhere on your own
Got to find your missing piece
```

## **Acordes**

```
Chorus 2:
'Cause you don't know where you're going but you wanna talk
(C Em G)
You feel like you're going where you've been before
(C Em G)
And nothing's really making any sense at all
(C Em G)
You'll tell anyone who'll listen that you feel ignored
Let's talk, let's talk
  Do you wanna talk?
I'm up in the part of the throne
I'm trying to sing a song
In a language I don't speak
I try but I cant get through
I'm trying to get to you
But you're difficult to reach
Won't you talk to me....
C Em G
\mathsf{C}\ \mathsf{Em}\ \mathsf{G}
So you don't know where you're going but you wanna talk
You feel like you're going where you've been before
Let's talk, let's talk ...
Let's talk, let's talk ...
```

End on Em
