

Coldplay - Wedding Bells

Tom: Eb

(intro) Eb

(refrão)

Those wedding bells ringing up upon that hill
 And I don't wanna swallow such a bitter pill
 You keep moving, I stay still
 I always loved you and I always will

(versos)

Days of no sleeping, caked in mud
 All kinds of poison in my blood
 I lost the only thing I ever loved
 Oh_____oh.
 I heard them ringing in procession by
 Umbrellas in that clear blue sky

Saw you swimming in that sea of white
 Oh_____oh_____oh.

(refrão)

And wedding bells ringing up upon that hill
 And I don't wanna swallow such a bitter pill
 You keep moving baby I stay still
 I always loved you and I always will

(ponte)

Oh_____oh. Oh_____oh.
 I loved you and I see it still
 I always loved you and I always will
 La la la la, la la la la la
 If everything that went before didn't matter
 La la la la, la la la la la
 I always loved you and I always will.
