```
  Am                                    F
Chasing after that dollar like it'll slow down my hurry
  C                           G
Settle all my worries when I get it in my wallet
  Am                    F
Quit dippin' long enough to own a pair of jeans
  C                      G
That don't have a ring in the back left pocket
  Am               F
Laughing at myself, admitting when I'm wrong
  C                        G                    Am   F   C
G
That's what this good ol' boy's gonna go out workin' on

          Am
Workin' on coming to Jesus, kicking the bottle
  F
Wrestling with our roots
  C                                G
Trying to turn off Mama's tears, and fill our Daddy's boots
  Am                      F                    C
Shutting off our pride, fixing bridges we burned, learning how
to
   G
Live and learn
  Am                             F
Keeping our demons down and our trucks up and running
  C                             G
Loving them angels sitting pretty in the middle of 'em
  Am                          F
Fighting with the man in the mirror til we gone
  C                               G
Yeah, that's what all us good ol' boys
                    Am  F  C  G
Gonna go out workin' on
                    Am  F  C  G
Gonna go out workin' on

  Am                             F
Giving more forgiveness, picking battles worth choosing
          C                      G
Little less cussin' and losin' my temper and my tools
      Am                       F
Dialin' down my restless, outgrowing my reckless
  C                          G
And my reputation for breaking hearts and rules
  Am                         F
Realizin' what I got what I got before it's gone
   C                          G
