

Conan Gray - Astronomy

tom:

Intro: G D Em D C

[Primeira Parte]

We drive through the woods
Rich neighborhoods to watch
We joked as we looked that
They were too good for us
'Cause socially speaking
We were the same
With runaway fathers and mothers
Who drank
A tale old as time, young love
Don't last for life
And now I know, now I know
It's time to go, it's time to go

[Refrão]

We've traveled the seas
E've ridden the stars
We've seen everything
From Saturn to Mars
As much as it seems like you
Own my heart
It's astronomy, we're two worlds apart
(It's astronomy)
We're two worlds apart
(It's astronomy)
We're two worlds apart

[Segunda Parte]

From far away, I wish
I'd stayed with you
But here face to face, a stranger
That I once knew
I thought if I wandered

I'd fall back in love
You said "distance brings fondness"

But guess not with us
The only mistake that we didn't make
Was run (now look what we've done)

[Refrão]

We've traveled the seas
We've ridden the stars
We've seen everything
From Saturn to Mars
As much as it seems like you
Own my heart
It's astronomy, we're two worlds apart
(It's astronomy)
We're two worlds apart

[Ponte]

Stop tryna keep us alive
You're pointing at stars
In the sky that already died
Stop tryna keep us alive
You can't force the stars
To align when they've already
Die_____d
Oh we've die_____d, ooh-ooooh
Ooh-ooh-ooooh

[Refrão final]

Oh we've traveled the seas
We've ridden the stars
We've seen everything
From Saturn to Mars
As much as it seems like
You own my heart
It's astronomy, we're two worlds apart
