Charlie went to your show
Says he can tell that you're doing well
Finally out of your spell
Now all that I want is just to move on
Life's so much better now that we don't speak
And we felt like strangers in February
But there will always be parts of me that are yours
And I don't cry 'cause it is over
I just don't feel like I could love again
And I tell myself that I'm over you Em D G C Er
                     G C Em
But I care, I care, care, care
My fault for making believe
Mistook who you are for who you could be G C
Pretend to hate you instead
Though I won't miss being your lover, I'm still losin' a

So I don't cry 'cause it is over

Care, care, care (I care)
I'm not trying to say that I want you back, but it's nice to
Linger in the past
Oh, it's good to know that you're not attached, but why does
it
Trigger me so bad
To see you with somebody who is not me, and you're happy?
But I don't cry 'cause it is over
I just don't feel like I could love again
And I tell myself that I'm over you
            D
But I care, I care, care
G C Em C
Care (I care)
                         Em
Care, care (I care), care, care (I care)
