

Conan Gray - Little League

tom:

C

Do you remember days on our old block?

G

Messing with our neighbors, who called the cops

Am

Coulda swore that you and me

C

Could get away with anything

G

We'd lay on the grass, all the day talking

Am

'Cause we snuck out of class when no one was watching

Em

I remember you and me

C

Yeah, I remember everything

Am

But, lately I've been feeling strange

C

And everybody's telling me to act my age

G **F** **C**

I never thought everything i had, would fade away

G

When we were younger

Am

We didn't know how it would be

Em

We were the dumb, the wild, the free

C

Little League

G

And when we were younger

Am

We wore our hearts out on our sleeves

Em

Why did we ever have to leave?

C

Little League

G

Could I get a rewind?

Am

Get another chance, take it back in time

Em

'Cause I don't know what to do

C

With everything I'm going through

G

And where did all my friends go?

Am

Standing on our street but nobody's home

Em

Swore we'd never move away

C

But now I'm going 95 on the interstate

Am

'Cause lately I've been feeling strange

C

And everybody's telling me to act my age

Em **F** **C**

I never thought that everything I had, would fade away

G

When we were younger

We didn't know how it would be

We were the dumb, the wild, the free

And when we were younger

Why did we ever have to leave?

G **Am**

I wish I was younger

Em **C**
