

Conner Smith - Creek Will Rise

tom:
 Db (forma dos acordes no tom de C)
 Capotraste na 1ª casa
 Intro: G F C
 G F C

[Primeira Parte]

Well, we were sittin' on the truck

Bed

When it started rainin', she said

"I don't mind"

Got her dancin' in a white sundress

Couldn't even find one dry thread

My oh my

[Pré-Refrão]

I I I

I didn't know what I was getting

Into

I I I I I I I

I wish the four-wheel drive was just

Two

[Refrão]

'Cause a girl like her on a night

Like this

Make a man wanna stay right where he

Is

There's trouble in the way her green

Eyes are glowin'

I'm holdin' on tight, prayin' and

Hopin'

This truck battery dies

Or the road's too muddy to drive

Wanna stay right here all night

If the good Lord's willin', that

Creek will ri-i-ise

[Segunda Parte]

Next thing I know

I had my blue jeans hangin' on a

Tree limb

She was smilin' at me, pullin' me in

Out where the creek bend bends in

The yellow moon light

Makin' fishin' in the dark come to

Life

[Refrão]

'Yeah, a girl like her on a night

Like this

Make a man wanna stay right where he

Is

There's trouble in the way her green

Eyes are glowin'

I'm holdin' on tight, prayin' and

Hopin'

This truck battery dies

Or the road's too muddy to drive

Wanna stay right here all night

If the good Lord's willin', that

Creek will ri-i-ise

(G F C)
 (G G F C)

Well, it was four in the mornin'

When the storm quit stormin'

I was fallin' faster than Earnhardt

And Gordon

Like a dirt road Daytona in my heart

And we ain't even got to the best

Part

We didn't have a towel, didn't have

Dry clothes

She was smilin' and sayin', "Hold

Me, I'm cold"

We made a blanket out of that

Sundress

And the radio won't even let me tell

You the rest

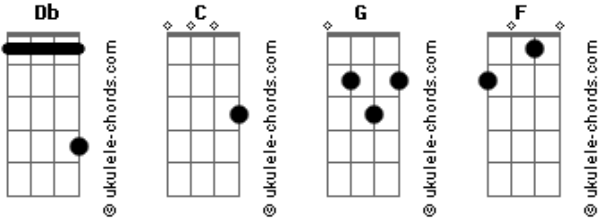

[Refrão]

'Cause a girl like her on a night

Like this

Make a man wanna stay right where he
Is
There's trouble in the way her green
Eyes are glowin'
I'm holdin' on tight, prayin' and
Hopin'
This truck battery dies

Acordes

Or the road's too muddy to drive
Wanna stay right here all night
If the good Lord's willin', that
Creek will ri-i-iiiiiiise
[Final]
Well, that creek will ri-i-ise
(C G)
