                                                          Meet me in the moonlight
                                                                      Е
Pretty little baby
                                                           Or in the daylight
                                                            A Gbm7
                                                          Pretty little baby
 (Yah, yah)
                                                                     E
                                                            I'm so in love
[Primeira Parte]
                                                              A F
                                                          With you
Pretty little baby,
                                                           [Ponte] Bb Gm7 Cm F
                                                                  Bb Gm7 Cm F
 You say that maybe
                                                                  Bb Gm7 Cm F
                Gbm7
You'll be thinkin' of me
    E
                                                           [Refrão]
    And try to love me
        Gbm7
Pretty little baby,
                                                          Now is just the time
                                                                Dm
I'm hopin' that you
A Gbm7 Bm7 E
                                                          While both of us are young
                                                                         F
Do ooh-ooh-ooh-ooh-ooh
                                                           Puppy love must have its day
                                                          Don't you know
You can ask the flowers
                                                            D
         Е
                                                           It's much more
 I sit for hours
                                                           Gm7
             Gbm7
                                                           Fun to love
Tellin' all the bluebirds
                                                            C7
                                                          While the heart is
 The bill and coo birds
 A Gbm7

Pretty little baby
                                                           [Final]
    I'm so in love with
I'm so
A D A
You ooh-ooh
                                                          Meet me at the car hop
[Refrão]
                                                            Or at the pop shop
                                                          Meet me in the moonlight
Now is just the time
                                                          Cm F
                                                            Or in the daylight
 Dbm
While both of us are young
                                                            Bb Gm7
                                                          Pretty little baby
Puppy love must have its day
                                                            I'm so in love with
Bm7
Don't you know
                                                           Bb Eb Bb
  Db7
                                                          You ooh-ooh
It's much more
                                                                      Gm7 Cm F
Gbm7
                                                          Pretty little baby
Fun to love
                                                                               Gm7 Cm F
 B7
                                                                  Bb
While the heart is
                                                           I said: Pretty little baby
                                                                   Bb Gm7 Cm F
                                                          Oh, now, pretty little baby
