

Connie Talbot - I Would

tom: F

Never known my hands to shake Dm

Never had my heart beat so fast F

Finally found the words to say Dm

But I'm scared you won't say them back F

Wish that you could read my mind Dm

So you could see what's locked up inside F

Could I ask a couple questions Dm

Before the moment passes us by? F

Ohh, Honestly Bb Am Gm

Would you give all your life F

If I give you all of mine? Gm

Would you love me unconditionally Dm

Be everything that I need C

And do anything for love? F

Would you stand by my side Gm

Until the end of time? Dm

Would you love me unconditionally

Be the air that I breathe C

And do anything for us? F

'Cause I would Dm

Standing on the edge with you F

If you jump, then I would jump too Dm

Every single breath I take F

I would give 'em all up for you

Ohh, Honestly Bb Am Gm

Would you give all your life F

If I give you all of mine? Gm

Would you love me unconditionally Dm

Be everything that I need C

And do anything for love? F

Would you stand by my side Gm

Until the end of time? Dm

Would you love me unconditionally

Be the air that I breathe C

And do anything for us? Bb Am Gm

I would, I would, I would Bb Am Gm

I would, I would, I would Bb Am Gm

I would, I would, I would Bb Am Gm

Do anything for love Bb Am C

Would you give all your life F

If I give you all of mine? Gm

Would you love me unconditionally Dm

Be everything that I need C

And do anything for love? F Gm

And would you stand by my side Dm

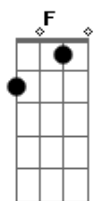

Would you love me unconditionally

Be the air that I breathe C

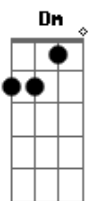

And do anything for us? F

'Cause I would
