            A7M                            E7M
Baby close that door behing you and pull down
                    Ab7                         Dbm
Them shades I got so much left to tell you but got nothing to
say
                 A7M
I'll express my worlds of gratitude by kissing your
  E7M                      Ab7                        Dbm
Face then I'll slowly get low you put my hands on your waist
  A7M                               E7M      Ab7  Dbm
Because you know I'm gonna keep it private
           Ab7                   Dbm
And move slow loving you in silence but don't
  A7M                 E7M
Go only where the vibe is, because they don't need
        Ab7                   Dbm
To know it but we don't have to hide it
           A7M             E7M
You can be my quarantine bae I don't care what
  Ab7         Dbm              A7M          E7M
None of them say can stay forever and a day behind
        Ab7               Dbm
These blinds and never go outside
        A7M           E7M                    Ab7
```

And be my quarantine bae I don't care what none
          Dbm                  A7M          E7M
Of them say we can stay forever and a day behind
           Ab7                   Dbm
These blinds and never go outside
                      A7M                    E7M
See I don't need no virus to tell me to stay home
            Ab7                       Dbm
To be without my baby would be a crisis of it's own
                  A7M                         E7M
Room be getting smaller but I feel it's big enough be
            Ab7                Dbm
The one I'm loving be the only one I trust
               A7M       E7M            Ab7
The world be so cruel I swear nobody's going to love
           Dbm     A7M    E7M       Ab7          Dbm
Like you do it's so true I can stay all day in bed with you
              A7M          E7M              Ab7
You can be my quarantine bae I don't care what none
             Dbm         A7M         E7M
Of them say we can stay forever and a day behind
        Ab7               Dbm
These blinds and never go outside
           A7M           E7M                    Ab7
And be my quarantine bae I don't care what none
          Dbm                  A7M          E7M
