[Verso 1]

Under the water
Its cold and its grey
My torrid autumn
Another season decays
Open up the Hollow
And my walls come down
I tell you its a problem
Just when no ones around
But then

[Refrão]

I know whats wrong
God, you complicated everything
I know youre gone, gone, gone
This is where I will draw a line.

I will draw my line

(Gbm Ab A Bm D Dbm C Bm)
(Gbm Ab A Bm D Dbm C Bm)

[Verso 2]

Burning my cathedrals
Cause I dont pray anymore
Look at all of these people, Tragic little people

They smile and then they dont know what for
But then

[Refrão]

I know whats wrong
God, you complicated everything
I know youre gone, gone, gone
This is where I will blur my line

I will blur my line

[Verso 3]

Our houses are haunted, Dark and deserted
Theyre made of my secrets and shame
Baby I want it I know Im not worth it
I cant even tell you my name
But then

[Refrão]

I know whats wrong
God, you complicated everything
I know youre wrong
God, you took it all away from me
I know youre gone, gone, gone

This is where I will cross my line

I am crossing my line
