

Cori - You Cant Shut Us

tom:

Am
School kills mental heath that equals
C
Artists being born like Icarus
F
Each day closer to the Sun
E
Now we burn, look what you've done

Am
We're looking for somethings
C
That maybe might not be real
F
But we prefer to be dead rather
E
Than being a third wheel

Am C
Uniforms scholarships just to trap you in
F E
A system that wants to kill all your self esteem
Am C
I don't give a fuck if you do think it is okay
F E
To kill the creativity running through my veins

Am C F E
You can't shut us down
Am C F E
You can't shut us down
Am C F E
You can't shut us down
Am C F E
You can't shut us down

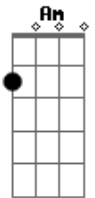

Am
Okay, let's be clear
C
I don't make the rules in here but
F
Anxiety pills appear
E
To be a common medicine

Am
School doesn't kill artist
C
That's a very stupid quote
F
It's just the main culprit
E
Of youth suicide in this world

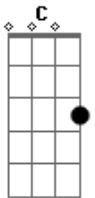

Am C
Now if we go out and scream
F E
To evereyone how it did feel
Am C
To be left out without a dream
F E
They'll try to shut us like machines

Am C F E
You can't shut us down
Am C F E
You can't shut us down
Am C F E
You can't shut us down
Am C F E
You can't shut us down
Am C F E
You can't shut us down
