

# Courtney Barnett - Box Store

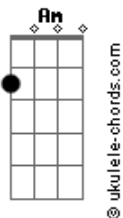

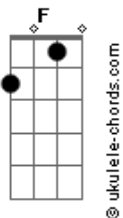

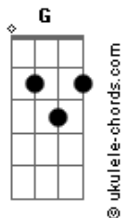

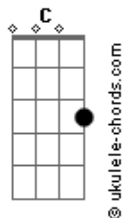

tom:  
 I don't know how accurate this might be because I  
 figured it out by ear  
 But it sounds good to me

You worked hard in a grocery chain  
 Making change, change, change, change, change  
 All that money that you rearrange  
 You're making change, change, change, change, change

I, I, I, I, I, I, I, I  
 Feel the way I do  
 I, I, I, I, I, I, I, I  
 Feel about you  
 About you

Chuffed along(?) like a big freight train  
 Till your heart grew still, when (?)  
 Your arms grew tired but you wanted more  
 But the big box store, nearly closed the doors

 About you

You worked hard in a grocery chain  
 Making change, change, change, change, change  
 You knew those people and you knew their names  
 And you're making change, change, change, change, change

I, I, I, I, I, I, I, I  
 Feel the way I do  
 I, I, I, I, I, I, I, I  
 Feel about you
