

# Crazy Ex-Girlfriend - Women Gotta Stick Together

tom:

**C**  
Women gotta stick together  
**G7**  
Each and every day  
**Dm** **G7**  
Women gotta stick together  
**Gm7** **C7**  
In each and every way

**F**  
Females helping females  
**Em7** **A7**  
For the greater good  
**Dm** **G**  
Sisters helpin' sisters  
**Dm** **G** **C**  
That's called sisterhood!

**F** **C**  
Women have the power  
**G** **C**  
The power to make a change  
**F** **C**  
Like this girl should pluck her eyebrows  
**G** **C**  
And those jeans should be exchanged  
You really need a size up!

**Em** **Am**  
Some girls are born tall and thin  
**Em** **Am**  
And some are short and fat  
**Dm**  
This girl smells like sausages  
**G**  
But there's nothing wrong with that!

**C**  
Women gotta stick together  
**G7**  
All across this land  
**Dm** **G7**  
Except Denise Martinez  
**Gm7** **C7**  
That bitch I cannot stand  
**C7**  
Oh, hey, Denise!  
**C7**

Hey, girl!

**F**  
Females helpin' females  
**Em7** **A7**  
Like this girl here with the blotchy face  
**Dm** **G**  
She banged her best friend's boyfriend  
**Dm** **G** **C**  
In the bathroom of that half-priced sushi place  
**C**  
What?  
**C**  
Oh, you didn't know?

**F** **C**  
So let's all spread this message  
**Dm** **C**  
Like Caitlin spreads disease  
**F** **C**  
'Cause a change is coming faster  
**Dm** **G**  
Than Ashley drops to her knees

**F** **C**  
Together we can clear these hurdles  
**Dm** **C**  
Except Marissa 'cause she's four-foot-eight  
**F** **C**  
We can climb every mountain  
**Dm** **G**  
If the rope can support Haley's weight

**D**  
Women gotta stick together  
**A**  
Do everything we can  
**Em** **A**  
So if some weird troll named Rebecca moves here from New York  
and is all up on my boyfriend

I'm gonna  
**Am** **D**  
Lend her a helping hand!

**G**  
Women gotta stick together  
**Gbm** **B**  
And tell each other the truth?  
**Em** **A**  
The truth is you're all fat sluts  
**Em7** **A** **D**  
And that's called sisterhood
