

# Creed - Time

Tom: G  
Intro: 2x: Em D C

Em D C  
I can't explain, can't quite put my finger on  
The difference that makes us so different  
We've said everything, our words only betrayed us  
Nothing is left, nothing was left unsaid

G Em  
This time I have nothing left to lose  
I'm stuck, the second hand won't move  
It's about time that I speak my mind  
It's about time, about time I find  
Pieces of me I have lost  
Without any choice I move on  
Hey time you're no friend of mine  
( Em D C ) (2x)  
Hey time you're no friend of mine

Em D C Em  
You cover yourself, you cover your skin  
You cover yourself, like you cover your sin  
Please untie my hands  
I'm a sinner, I'm a man  
I ask for one minute  
To make you understand

G Em  
This time I have nothing left to lose  
I'm stuck, the second hand won't move  
It's about time that I speak my mind  
It's about time, about time I find  
Pieces of me I have lost  
Without any choice I move on

Hey time you're no friend of mine  
( G D Em D C Em ) (2x)  
Hey time you're no friend of mine

G D  
Will you be there  
To catch me when I stumble when I fall  
When I fall  
It's so very clear  
You left me when I had no one at all  
No one at all

D  
Who will be there  
To catch me, to catch me when I stumble  
When I fall, when I fall  
It's so very clear, you left me  
Left me with no one at all  
No one at all

G Em
