(C D D D G C G E E7 E E7)

Last night, I saw the fire burning on the palace lawn
 O'er the land, humble subjects watched with mixed emotion
 Who is burning, who is burning, the effigy??
 Who is burning, who is burning, effigy??

Last night, I saw the fire spreading to the palace door
 Silent majority wasn't keeping quiet anymore
 Who is burning, who is burning, the effigy??
 Who is burning, who is burning, effigy??

Last night, I saw the fire spreading to the countryside
 In the morning, few were left to watch the ashes die
 Who is burning, who is burning, the effigy??
 Who is burning, who is burning, effigy??
 Why? Why? Why? Effigy!
