

Crown The Empire - Millenia

Tom: **Eb**

(com acordes na forma de **C**)
Capostrate na 3ª casa
Intro: **C G Am F Fm**

Hey there shadow **C**
you didn't seem to care at all when you watched me go **Am**
I know young love is just a dream, we were only seventeen **F** **Fm**
But you're the only love I've known **C**
So please just let me go if you're done **Am** **F**
'Cause it's hope that kills this heart **C** **G**
So please set me free, kill the spark **F** **Fm**
I've been gone **C**
from this world for what seems like millennia **G**
Looking for nothing short of a miracle **Am**
I only ever wanted to come home **F**
please won't you let me go **Fm** **C**
When I have no where left I can run away **G**
will you lie to me tell me I'll be okay **Am**
Close my eyes and lay me in my tomb **F**
Then pull the trigger and send me home **Fm**
So how did I get so far from my yesterdays **C**
Another broken heart now just a memory **Am**
I should've left you in the dark **F**
I should've left this awful town **Fm**
C

And never found out how to love

So why do I not know about the things that you regret? **Am** **F**
When love went down and over and done **C** **G**
Get away from me and leave my heart under the rug **F** **Fm**
I've been gone **C**
from this world for what seems like millennia **G**
Looking for nothing short of a miracle **Am**
I only ever wanted to come home **F**
please won't you let me go **Fm** **C**
When I have no where left I can run away **G**
will you lie to me tell me I'll be okay **Am**
Close my eyes and lay me in my tomb **F**
Then pull the trigger and send me home **Fm**
Send me home
Base solo: (**F G C G Am F Fm**)
I've been gone **C**
from this world for what seems like millennia **G**
Looking for nothing short of a miracle **Am**
I only ever wanted to come home **F**
please won't you let me go **Fm** **C**
When I have no where left I can run away **G**
will you lie to me tell me I'll be okay **Am**
Close my eyes and lay me in my tomb **F**
Then pull the trigger and send me home... **Fm**
