I'm Angry, but I'm still coming over
I know not to let rage lead
It only does me wrong
Afraid to share my feelings
They're festering inside me
One moment, you're just so here
The next moment, you're gone

^A ^D
Funky mood blue, I
^A ^{Bm}
Turn my back to the other side of it
Wondering if you can keep a promise
^A ^D
Funky mood blue, I
^A ^{Bm}
Turn my face to the other side, I quit
Wondering if you can keep a secret

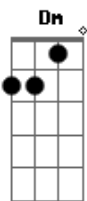

^{Bm} ^E
Know it's not exactly what I should do
Somehow, it always hurts you
Use my pain as a tool, to chisel out a song
Didn't mean to validate you the end Only
As good as the beginning was meant to
Be the center of your virtue
Made a promise that my heart
Wouldn't bleed again watching him
Talk to the wall
Slowly, I block out his call, and his name

^A ^D
Funky mood blue, I
^A ^{Bm}
Turn my back to the other side of it
Wondering if you can keep a promise
^A ^D
Funky mood blue, I
^A ^{Bm}
Turn my face to the other side, I quit
Wondering if you can keep a secret
