

# Cryogeyser - Too Much

tom:  
Intro: G Em A

There you are, head over heels for me  
Not today, not the one for your dignity  
And he won't get the message, won't let me be  
It's too much, gotta hold my autonomy

Is it too much if I  
Break up with you in a song tonight?  
Wrote it a thousand times  
Hid it away till I lost my mind

Here's to us at the age Where  
All this makes sense somewhere  
Here's to us at the age Where

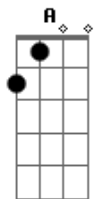

All this makes sense somewhere  
All this makes sense somewhere  
All this makes sense somewhere  
All this makes sense somewhere  
All this makes sense

There you are, head over heels for me  
Not today, not the time or the energy  
And I can't get the message, can't let it be  
I'm too much, I'm too much for myself, you see

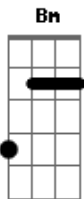

Is it a crutch if I break up with you  
Tonight in a song?  
Wrote it a thousand times  
Hid it away till I lost my mind

( G Bm A )
