

Cyndi Lauper - Money changes everything

Tom: C
Intro: C - F

1. She said I'm sorry babe I'm leaving you tonight
 I found some one new he's waiting in the car outside
 Ah honey how could you do this we swore each other everlasting love
 She said well yeah I know but when we did there was one thing we weren't thinking of

R: And that's money - money changes everything
 Money - money changes everything
 We think we know what we're doing that don't mean a thing
 It's all in the past now money changes everything
 2. They shake your hand and they smile an they buy you a drink
 They say we'll be your friends we'll stick to you 'till the end
 Ah but everybody's only looking out for themselves
 And you say who can you trust I'll tell you it's just nobody elses
 R: (Repeat twice)
