[Primeira Parte]
Bm7 E7 A7M
Baby, baby, I've been asleep for far too long
But when you wake me, say you love me and sing our song
I don't wanna be useless, I don't wanna be stupid, I don't wanna
Be dumb
I know you've been going through it, but baby, I don't wanna go
E7M A7M
Through it all along
[Refrão]
Bm7 E7 A7M A7M
It all comes crashing down
Bm7 E7 A7M A7M
It all comes crashing down
I'll be holding onto you, holding onto you...oo
Bm7 E7 A7M A7M
I'll be holding onto you, holding onto you...oo
[Segunda Parte]

When the world comes crashing down
E7 A7M
I know where I'll stand, right next to my baby, keep holding

my hand

Well, I'll stay by your side every day and every night

Ooh, ooh, ooh, ooh, ooh
E7
Do you, ooh, ooh, ooh
A7M
Do you think we could ever fall out like everyone else does?
Bm7 E7
No, oh, oh, oh, oh, ooh, we won't fall, all-all
A7M
Just hold me tight and don't you let go..... (Oh)
