

# Damon Albarn - The History Of A Cheating Heart

tom:  
A

Intro:

More than you know

When the white owl flight's over

I always go

[Estrofa 1]

[Refrão ]]

More than you know

Back to the moment

More than you know

I feel the most

When the river shallows

I always go

I carry this upon my back, always

[Refrão ]]

Back to the moment

If you fall then I will put you back, I do

I feel the most

Love you but it's just a fact

I carry this upon my back, always

The history of a cheating heart

Is always

If you fall then I will put you back, I do

More than you know

Love you but it's just a fact

[Final]

The history of a cheating heart

More than you know, I am beside you

Is always

Under the tango tree I grew

More than you know

With my constant love forever

[Estrofa 2]

The history of my heart was shown

More than you know

It's more than you know
