

Dan Caplen - Love Me The Same

tom:

Intro: F Gm Am Bb
Bb F C Dm

[Primeira Parte]

See I'm not holy, but tell me who is?
A priest can be saintly or a hypocrite
At least I'm truthful when it comes to you
There's no hiding the things I do

[Pré-Refrão]

See, I can go about my day
Knowing someone won't care if I change
I know I get down on my luck
But I can trust you to pull me up

[Refrão]

So, I could fall into hell
And you would still love me the same way
I could face twenty years
And you would still love me through the tears
And we can handle anything that comes our way
'Cause I got your love, you know that I'm here to stay
So I could fall into hell

You would still love me the same
The same, mmm

See you can have judgement in your voice
Without even knowing, I'll make the better choice
And you've always taught me to stick to my guns
Don't need a religion to tell me I am wrong

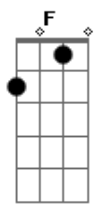

[Pré-Refrão]

And I can go about my day
Knowing someone won't care if I change
I know I get down on my luck
But I can trust you to pull me up

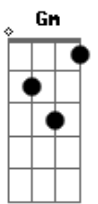

[Refrão]

So, I could fall into hell
And you would still love me the same way
I could face twenty years
And you would still love me through the tears
And we can handle anything that comes our way
'Cause I got your love, you know that I'm here to stay
So I could fall into hell
You would still love me the same
Oh, yeah, mmm, mmm
