

# Dan Torres - Everything Is Changing

tom:

Intro: B Gb Db

I knew what I wanted  
For so long

And even when I was falling  
I stayed strong  
I kept on believing, do or die  
'Cause the thought of retreating  
Never crossed my mind, now

I don't know what's going on  
It feels like a new day  
I don't know what's going on

Everything is changing  
I can see a new world, I'm re-arranging  
Every little thing that  
I thought I wanted before  
I don't want anymore  
And I'm feeling lighter  
Wanna battle on, gotta be that fighter  
I can't let you down, let you down

I thought that I needed  
All that light  
But now I see that it's burning  
A bit too bright  
I walk in the shadows  
Getting high  
On the things in my life  
That money just can't buy, now

I just keep it moving on  
Bring on that new day

I just keep it moving on

Everything is changing  
I can see a new world, I'm re-arranging  
Every little thing that  
I thought I wanted before  
I don't want anymore  
And I'm feeling lighter  
Wanna battle on, gotta be that fighter  
I can't let you down

Still got that fire in my soul  
I can't ever let that go away  
But it won't ever be the same  
Now I got a different game to play

Everything is changing  
I can see a new world, I'm re-arranging  
Every little thing that  
I thought I wanted before  
I don't want anymore  
And I'm feeling lighter  
Wanna battle on, gotta be that fighter  
I can't let you down

B Gb Db

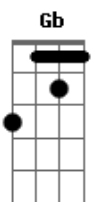

I won't let you down, I won't let you down  
I won't let you down, I won't let you down  
I won't let you down

I won't let you down

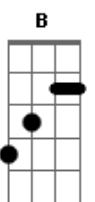

No, I'm never gonna let you down, you know  
I'm never gonna let you  
Down  
I won't let you down

No no no  
I won't let you down
