

The Dandy Warhols - Cool Scene

tom: G

D
Well I'm just not making your scene

And I really don't feel like I need
A
I really don't mean that it's cool

Didn't really wanna be in high school
D
I'm dealing with the things that I've been

If it wasn't so appropriate then
A
I really don't care what I sing

And I really doubt you know what I mean

D
And I really don't mean that it's cool
D7 G
Didn't really wanna be in high school
Bm
All the talking fools
G
What it means
A
Last I've seen
D
Baby it's all me

D
I'm just not making a scene

Never really felt that you're a cool being
A
I really don't know what I'd be

And it really isn't worth the trying
D
I'm feeling pretty chill with nothing

Like I'm livin in a world that follows you
A
Don't really think you know your friends man

Like you're livin in a social hydrant

D
And I really don't mean that it's cool
D7 G
Didn't really wanna be in high school
Bm
All the talking fools
G
What it means
