

Daniel Caesar - Let Me Go

```
tom:
           E7M
I'm tryna breath, why won't you let me?
           Gm
I'm tryna leave, please just forget me
E7M F
And honestly, our Sun is settin'
               Gm
Can hardly believe this got so messy
Ain't gon' sleep tonight, my dreams exhaust me
I'll be awake till the light
                                        Bb
This 'bout that time that I Break away before my time expires
                     E7M
Baby, won't you let me go? Oh, oh
(Let go, let go, let go)
                 E7M
Baby, won't you let me go? Oh, oh
(Let go, let go, let go)
I'm not afraid of manipulation
You're stuck in your ways
I run out of patience
You're lying when you tell me that you won't be fine
Acordes
```

```
I'm not leadin' you on I'm leavin' you behind
Ain't no sleep tonight, my dreams exhaust me
I'll be awake till the light
This 'bout that time that I break away before time expires
Baby, won't you let me go? Oh, oh
(Let go, let go, let go)
Baby, won't you let me go? Oh, oh
