

Daniel Johnston - Mind Contorted

Tom: G

I've been through some hard
 But i'm feelin' so much better
 I'm standing in your yard
 I could be here forever
 And i know if you saw me now
 You would be much perplexed
 And i know if you saw me now
 Your mind would be contorted
 But I love you
 Every time i think of you
 The sun shines brightly on my soul
 But theres something missing there
 Part of you part of the whole.
 I cried a million tears
 Fill an ocean with my sorrow
 And if I had my way
 I'd be up to see you tomorrow
 And I know if you saw me now
 You would be quite perplexed

And I know if you saw me now
 Your mind would be contorted
 But I love you
 Every time I think of you
 I feel like writing a song
 And if I could win your heart
 I never that it'd take so awful long
 And I wish upon a star
 Hope that we could get together
 I'll be standing in your yard
 We could be there forever
 And I know if you saw me now
 You would be much perplexed
 And i know if you saw me now
 Your mind would be contorted
 And I know if you saw me now
 You would be quite perplexed
 And I know if you saw me now
 Your mind would be contorted
 But I love you
