

Danny Casale - Please Don't Be So Sad

tom:

G

Sometimes you get just a little bit sad
And that's okay, sometimes is fine
But when you're sad just a little too long
You feel as if it's time

G D
To do something that you shouldn't do
Or say something really dumb
And be real nasty to yourself
And mean to the people you love

G D
Don't be so sad
Things are fine, it's okay, I promise you all that
Life is beautiful
We just need some reminders because
You're forgetful

G
Like birds and bees
D
And summer cold treats

F
Cloud watching and
C
Cotton candy

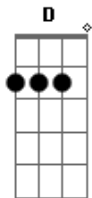

G
Nice texts from friends
D
That you weren't expecting
F
And catching your reflection
C
God damn you're sexy

G D
Movies that feel like they read your mind
F C
Hot chocolate, cappuccinos, lemonade, and wine
G D
The smell of new books and laundry out the drier
F C
And locking eyes with that cutie just as you walk by her... Or him

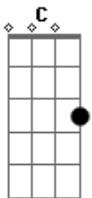

G D
Don't be so sad
F C
Things are fine, it's okay, I promise you all that
G D
Life is beautiful
F
We just need some reminders because
C
You're forgetful

G
That's cool
