

# Darren Criss - This Time

Tom: G  
Intro: G D Am7  
G D C

[Primeira Parte]

These walls and all these picture frames  
Every name they show  
These halls I've walked a thousand times  
Heart breaks and Valentines friends of mine all know  
I look at everything I was and everything I've ever loved  
And I can see how much I've grown  
And though the mirror can't see it, it's clear to me I feel it  
I can make it on my own

[Pré-Refrão]

I'm not afraid of moving on and letting go  
It's just so hard to say goodbye to what I know  
I know

[Refrão]

This time no one's gonna say goodbye  
I keep you in this heart of mine  
This time I know it's never over  
No matter who or what I am I'll carry where we all began  
This time that we had I will hold forever

[Segunda Parte]

These old familiar places  
Where every face is another part of me  
I played a different game then  
They called me a different name then  
I think of all the things I did and how I wish I knew what I know now

I see how far I've come and what I got right while I was looking for that spotlight  
I was looking for myself  
Got over what I was afraid of  
Showed them all what I was made of more than trophies on a shelf

[Pré-Refrão]

Through all the battles we lost and might have won  
I never stopped believing in the words we sung  
We sung

This time no one's gonna say goodbye  
I keep you in this heart of mine  
This time I know it's never over  
No matter who or what I am I'll carry where we all began  
This time that we had I will hold forever

[Ponte]

I'm looking out from the crossroads  
I don't know how far away I will come  
I take a breath, I close my eyes  
( C A )  
( A E )

I keep you in this heart of mine  
This time I know it's never over  
No matter who or what I am I'll carry where we all began

This time that we had I will hold  
This time that we had I will hold  
This time that we had I will hold  
Forever  
Forever

## Acordes
