

Daughter - Landfill

Tom: C

Am C
Throw me in a landfill
F G
Don't think about the consequences
Am C
Throw me in a dark pit
F G
Don't think about the choices that you made
Am C
Throw me in the water
F G
Don't think about the splash I will create
Am C
Leave me at the altar
F G
Knowing all the things you've just escaped
Am C
Push me out to sea
F G
On a little boat that you made
Am C
Of the evergreen
F G
That you helped your father cut away
Am C
Leave me on the tracks
F G
To wait until the morning train arrives
Am C
Don't you dare look back
F G
Walk away catch up with the sun rise

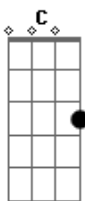

Am C F G
Cause this is torturous
Am C F G
Electricity between both of us
Am C F G
And this is dangerous
Am C
Cause I want you so much
F G
But I hate your guts, I hate you

Am C
Leave me in the cold
F G
Wait until the snow covers me up
Am C
So I cannot move;
F G
So I'm just embedded in the frost
Am C
Leave me in the rain
F G
Wait until my clothes cling to my frame
Am C
Wipe away your tear stains
F G
I thought you said you didn't feel the pain

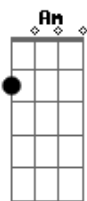

Am C F G
Cause this is torturous
Am C F G
Electricity between both of us
Am C F G
And this is dangerous
Am C
Cause I want you so much
F G
But I hate your guts, I hate you
Am C
Cause I want you so much
F G
But I hate your guts

Am C F G
Cause this is torturous
Am C F G
Electricity between both of us
Am C F G
And this is dangerous
Am C
Cause I want you so much
F G
But I hate your guts, I hate you
Am C
Cause I want you so much
F G
But I hate your guts
