

# Daughter - No Care

tom:

A

Afinação: D A D G B E

((1:58) - Rest))

[Verse 1]

No one asks me for dances because I only know how to flail  
I always hit like I'm drowning, dead arms around him  
I'd rather stand still, hold tightly to the walls

[Chorus 1]

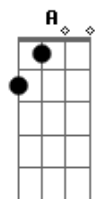

No care, no care in the world  
No care, no care in the world  
I don't care, I don't care anymore  
I don't care, I don't care

[Verse 2]

Love you in a panic because I prefer to sit on fences  
Spit-kissing on my sickbed  
I'm not searching for replacements  
But we are like broken instruments  
Twisted up and wheezing out the wrong notes  
Sleepless folks watching light grow  
Through their early morning windows

[Chorus 2]

I don't care, I don't care anymore  
I don't care, I don't care

[Verse 3]

Oh, I'm too drunk to fight, hurling curses at your surface  
Because I'm aware, because it hurts that I'm in love again  
And you laugh, kiss my neck, say our arguments are insane  
Fighting over the way something was said  
While I'm still here like a cheap threat

[Chorus 1]

No care, no care in the world  
No care, no care in the world  
I don't care, I don't care anymore  
I don't care, I don't care

[Verse 4]

Oh, there has only been one time where we fucked  
And I felt like a bad memory  
Like my spine was a reminder of her  
And you said that you felt sick  
I was so heavy-hearted, lying silent with you afterwards  
How I wanted you to promise we would only make  
How I wanted you to promise we would only make  
How I wanted you to promise we would only make love  
But my mouth felt like I was choking, broken glass  
So I just slept it off  
You see, my mouth felt like it could talk the end of us  
So I just slept it off, slept it off

[Chorus 3]

No care, no care in the world  
No care, no care in the world  
I don't care, I don't care anymore  
I don't care, I don't care

[Final]

Ah, I'm too drunk to fight  
I only wanted you to promise me we would only ever make love  
But my mouth felt like I was choking, broken glass  
So I just slept it off  
Wanted you to promise we would only ever make  
Wanted you to promise we would only ever make love
