

Dave Matthews Band - Bartender (VHS StoryTellers)

Tom: **G**

I figured this out from Dave's VH1 Story Tellers performance with Tim.
Dave plays the tab below while Tim does what he does best, making nosies you never thought could hear out a guitar and blends them nicely into the background.

Drop **D**

Repeat this several times
its very simple,
just listen to the song.

Once or twice he does this near the end
