Dave Matthews Band - Two Step

```
their..
                                                           oh ..
  music transcribed by evan c. parker
                                                           so..
lyric transcribed by christopher "kit" anderson
                                                           thousand..
                                                           you..
the music was taken off of a dave solo, so is a little
different from
                                                           chorus:
the version with the rest of the band... actually, i think the
                                                                    C
                                                                         Gm
                                                                               Bb Am
                                                                                                      Bb
                                                                                                          Αm
                                                                                                               Gm
sounds better with just dave. dave plays around with the
