

Dave Matthews Band - You & Me

tom:

G

Want to pack your bags something small
Take what you need and we disappear
Without a trace we'll be gone
Moon and the stars will follow the car
Then when we get to the ocean
Gonna take a boat to the end of the world
All the way to the end of the world

C
Oh, When the kids are old enough
We're gonna teach them to fly

D **A**
You and me together
We can do anything, baby
You and me together yes yes
You and me together
We can do anything, baby
You and me together yes yes

G
You and I are not tied to the ground
Not falling but rising like rolling around

G
Eyes closed above the rooftops
Eyes closed, we're gonna spin through the stars

C **Am**
Our arms wide as the sky we're gonna ride the blue
All the way to the end of the world
To the end of the world
Oh, When the kids are old enough
We're gonna teach them to fly

D **A**
You and me together
You can do anything, baby
You and me together yes yes
You and me together
We can do anything, baby
You and me together yes yes
We can always look back at what we did
Always the memory of you and me baby
But right now is you and me forever girl
And you know that we can do better than anything that we did
You know that you and me we can do anything
It's so small
'Till the reach of the end of the world
