

David Fonseca - Broken (We'll Fade Into It All)

Tom: **F**
 (com acordes na forma de **E**)
 Capotraste na 1ª casa
 Intro: **E**

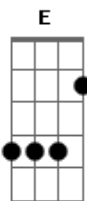

It's in your eyes
 An absent stare that cries again
 I don't know why
 You take it out
 You take it out on me again
 And you fear that
 When it breaks down, that I can't take the fall
 I'm already broken
 I'm broken, you can't hurt me at all
 (**E**)
 So let it all come down now
 Let it all pour down
 Just let it go

Just throw it all on me now
 You wanna drown me
 You wanna show me, how your world feels
 My world was already broken
 It was broken, before I let you in
 (**E**)
 So go ahead and burn me down
 Just burn me down in the fire
 The flames, the flames are getting higher
 In the end
 We'll lay and sleep, as the ashes fall
 We, we will be broken
 Broken, we'll fade into it all
 (**E**)
