

David O'Dowda - The World Retreats

tom:

Intro: **Bm** **A** **Em** **Gbm**

Bm **A**
Hold back and fight among the stars
Em
We could be the lucky ones
Gbm
If we could only levitate
Bm **A**
Fly low dear, dance beneath the trees
Em
If only we had oxygen
Gbm
Then we'd begin to breathe

Bm **A**
And we can watch
Em **Gbm**
While the beauty takes its toll
Bm **A**
And we can stop
Em **Gbm**

While the world retreats

Bm **A**
Lie low dear
Em **Gbm**
Fix yourself a life
Bm **A**
We could be the wealthy ones
Em **Gbm**
If we could only emigrate
Bm **A**
These walls get closer by the night
Em **Gbm**
Everything gets delicate
Bm **A**
And everything in flight

Bm **A**
And we can watch
Em **Gbm**
While the beauty takes its toll
Bm **A**
And we can stop
Em **Gbm**
While the world retreats
