

Day - Saturn's Rings

tom:
Capostrate na 2ª casa

Like Saturn's rings
You're all around me
Can't shake you off, don't want to
Don't you get it?
You and I are meant to be

And I've tried hard
To get you off my mind
And I thought

That I'd be better off without
But it turns out
You've built your house here

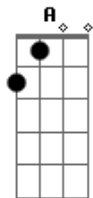

And I don't wanna be
Without your touch
I don't wanna be
Without your love

It's not really

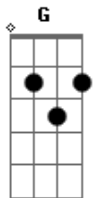

Like I have a choice
But if I did

I would choose you over and over
