**Dm** She smiled and she said on days like **A** this

It seems like it never rains **Dm**

But without the rain we'd starve **C Bb**

I can't escape the fly and the skull **Dm**

So I'm beginning to lull myself **A**

Into a false security **Dm**

Cause it's easier to lie to yourself **C**

Than face reality, so bittersweet **Bb**

**Dm** So let's pretend

All of the ones we love won't die **A**

Sweep their skeletons off to the side **Dm C**

I'm oh so sorry swear I tried to **Bb**

See over the wall I've build up **Dm**

In my head of guilt and fuckups **A**

Maybe I'm just thinkin' much too hard **Dm C Bb**

Life's a game life's a joke **F**

Fuck it why not go for broke **A**

Trade in all your chips **Dm**

And learn how to be free **C Bb**

Why abstain why jump in line **F**

We're all living on borrowed time **C**

So do what you like and we'll like what you do when you do it **Dm C**

And if they don't that's fine **Bb**

Fuck'em

They say don't take the risk - you're sure to fail **F**

Cause there's no get out of jail free card in life **A Dm**

But what's the worst that could happen' **C**

End up in coffin'? **Bb**

Isn't that where we're all headed anyway? **F**

Can't escape the madness **A**

So you might as well embrace it **Dm**

Can't be worse than a nine to five cubicle jail cell **C**

Buried under mundane bullshit **Bb**

Life's a game life's a joke **F**

Fuck it why not go for broke **A**

Trade in all your chips **Dm**

And learn how to be free **C Bb**

Why abstain why jump in line **F**

We're all living on borrowed time **C**

So do what you like and we'll like what you do when you do it **Dm C**

And if they don't that's fine **Bb**
