

# Dean Lewis - With You

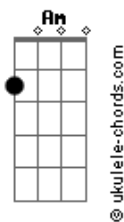

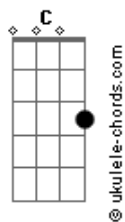

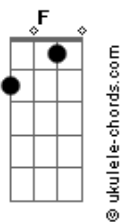

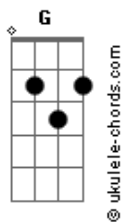

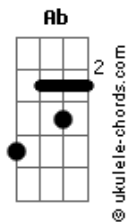

tom:  
Ab (forma dos acordes no tom de G )  
Capostrate na 1ª casa

Talk me down  
Tell me everything's alright  
Call me back  
Say that it's all in my mind  
'Cause I'm runnin' 'round in circles, tryin' so hard to convince myself  
That you're asleep alone in your bed  
So save me from my misery, I'll drown in this uncertainty  
Just tell me that it's all in my head

I was ready to fall in love with somebody  
And love somebody like you  
I was holding on for far too long  
'Cause nothing's all that I ever knew  
I'm still in love with you, with you, without you

Take it back  
All the words you said layin' in my arms  
If you didn't mean them  
'Cause my heart don't work like that  
'Cause I'm runnin' out of reasons, tryin' so hard to believe in  
All the promises you made in the dark

## Acordes

'Cause when you had me in your orbit, you said only I could solve it  
Then you left as soon as I fell apart

I was ready to fall in love with somebody  
And love somebody like you  
I was holding on for far too long  
'Cause nothing's all that I ever knew  
I'm still in love with you, with you, without you

And you told me to be patient  
And I was patient for you, patient for you  
And you told me to keep waiting  
And I waited for you, only for you  
I was ready to fall in love with somebody  
And love somebody like you  
I was holding on for far too long  
'Cause nothing's all that I ever knew (oh, oh)  
I was ready to fall in love with somebody  
And love somebody like you  
I was holding on for far too long  
'Cause nothing's all that I ever knew  
I'm still in love with you, with you, without you  
I'm still in love with you, with you, without you
