

# Death Cab For Cutie - Your Heart Is An Empty Room

Tom: C

Verse 1:

C Em Am Em F7M  
Burn it down till the embers smoke on the ground

C Em Am Em F7M  
And start new when your heart is an empty room

Am Em F7M  
With walls of the deepest blue

C Em Am Em F7M  
Home's face: how it ages when you're away

C Em Am Em F7M  
Spring blooms and you find the love that's true

Am Em F7M  
But you don't know what now to do

Am Em F7M  
Cause the chase is all you know

Am Em F7M  
And she stopped running months ago  
C F7M C F7M C Am Em F7M  
And all you see is where else you could be when you're at home

C F7M C F7M C Am Em F7M  
Out on the street are so many possibilities to not be alone

Verse 2:

C Em Am Em F7M  
The flames and smoke climbed out of every window

C Em Am Em F7M  
And disappeared with everything that you held dear

Am Em F7M  
And you shed not a single tear

Am Em F7M  
for the things that you didn't need

Am Em F7M  
Cause you knew you were finally free

C F7M C F7M C Am Em F7M  
Cause all you see is where else you could be when you're at home

C F7M C F7M C Am Em F7M  
Out on the street are so many possibilities to not be alone  
Chorus:

Chorus:

C F7M C F7M C Am Em F7M  
And all you see is where else you could be when you're at home

C F7M C F7M C Am Em F7M  
Out on the street are so many possibilities to not be alone
