

Def Leppard - It Don't Matter

```
Tom: C
                                                                   I got my hands firmly on the wheel, yeah
   Tuning:Standard (EADGBE )
                                                                   Now in your big flash motor and your wild reputation
                                                                   You're ready to hit the streets
     slide up
                                                                  Winking at the boys, yeah heading for the noise
  \ slide down
                                                                   Got the world at your feet
 h hammer-on
                                                                   If leaving me for dead with a pistol at my head
    pull-off
 р
                                                                   Is your idea of how I'd feel
     vibrato
                                                                  Well let me tell you honey
   harmonic
                                                                   'Fore you spend all of your money
                                                                   I got my hands firmly on the wheel, yeah
x Mute note
İntro:
                                                                   It don't matter, it don't matter, it don't matter to me
Verse:
                                                                  It don't matter, it don't matter, it don't matter to me
                                                                   Back street lover in the cold of the evening
Chorus:
                                                                   Takes you to a place he knows
                                                                   Says it will be fine better make up your mind
                                                                   You've cut it deep and now it shows
Bridge: Same as Intro
                                                                   It's way past midnight and you travel through the city
                                                                   You wonder what you should do
                                                                   Well baby can't you see that you've had enough of me
                                                                   And I've certainly had enough of you
Verse
Chorus
Solo: I was to lazy to figure it out so just mess around it
                                                                   It don't matter, it don't matter, it don't matter to me
                                                                   It don't matter, it don't matter, it don't matter to me
the A penatonic scales.
Chorus
                                                                   It don't matter, it don't matter, it don't matter to me
Intro: Lyrics:
                                                                  It don't matter, it don't matter, it don't matter to me It don't matter, it don't matter, it don't matter to me
Now in your big flash motor and your wild reputation
You're ready to hit the streets
                                                                   It don't matter, it don't matter, it don't matter to me
Winking at the boys, yeah heading for the noise
Got the world at your feet
If leaving me for dead with a pistol at my head
                                                                  It doesn't matter
Is your idea of how I'd feel
                                                                   It doesn't matter
Well let me tell you honey
                                                                   It doesn't matter
'Fore you spend all of your money
