

# Del Water Gap - Better Than I Know Myself

tom:  
Gb (forma dos acordes no tom de E )  
Capostrate na 2ª casa

(Don't you know me?)

( A E B Ebm )

I can't read you like a magazine

Can't even see you right in front of me talking

Your lips are moving, I don't hear a thing

No, you're not getting through to me

And I know you'd rather turn the other cheek

But you hit me up a thousand times a week

Scared to tell you that I don't want you to leave

'Cause I know you could

Yeah, I know you could

This can't be right, I'm scared and I

Need someone to calm me

I'll close my eyes 'til you arrive

And take me how you want me

Don't you know me

Better than I know me?

Don't you know me

Better than I know myself?

I can't even hold a flame to it

Struggling to find a name to call it

Wonder if I'm being obvious

Maybe I'm acting out, I wish

That you'd never go and turn the other cheek

You used to hit me up a thousand times a week

Scared to tell you that I don't want you to leave

'Cause I know you could

Yeah, oh, I know you could

This can't be right, I'm scared and I

Need someone to calm me

I'll close my eyes 'til you arrive

And take me how you want me

Don't you know me

Better than I know me?

Don't you know me

Better than I know myself?

(Don't you know me?)

( A E B Ebm )

( A E B Ebm )

( A E B Ebm )

( A E B Ebm )

This can't be right, I'm scared and I

Need someone to calm me

I'll close my eyes 'til you arrive

And take me how you want me

Don't you know me

Better than I know me?

Don't you know me

Better than I know myself?

Better than I know myself

Better than I know myself

Better than I know myself

Better than I know myself
