

Delce Rosa - Soneto do Melhor Amor

tom:

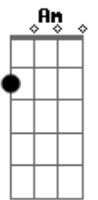

De repente a lua dorme, em frio e noite escura
 Teu rosto chove e queima em meu pensamento
 Se viver, antes, era soltar o verso ao vento
 Hoje o pincel faz um traço diferente
 Eu quero ser e sempre estar presente
 Em teu sorriso ou em teu lamento
 No teu corpo meu melhor momento

Nosso destino que a gente invente
 Mesmo sendo estranho e vagabundo
 Pode ter certeza, eu te amo
 Mas, mesmo flores frágeis, tem o seu espinho
 Nos meus olhos sinto o sorriso que reclamo
 Perceba, teu caminho e meu caminho
 Quando meu olhar te der o mundo
