

## **Demi Lovato - Back Around**

```
Tom: C
   \begin{array}{cccc} \text{(intro)} & \text{Em} & \text{C} & \text{G} & \text{D} & (2x) \\ & & \text{Em} & \text{C} & \text{G} & \text{D} & (2x) \end{array}
(verse 1)
Em B
    What did I do to deserve this?
Tell me the truth and don't
lie You're pretty good at
                                                                        (bridge)
that but no not this time
          D
 You walk around like
you run the world
Running your mouth and
talking about me now
 They think that you're
the perfect girl
The're gonna see
everything so get back
(chorus 1)
Em C
 It's gonna come back around
                   В
You know that this town is just too
small and not too tall to take this again
 You dress to impress but I got news
You know you're just gonna lose
Everything and everyone
that means so much to you
(interlude 2x) Em C G D
(verse 2)
 I'm feeling bad for
You are alone and
nobody cares that you are
 One look into your eyes
                                                                           В
         C
Easy to see what you
could be but you're
not I say it's time
that you give in
Since it was real you
```

## cannot fulfill your over You feel your heart beat deep down You're in the shame of causing this pain Just get out (chorus 1) Please go away You keep hearing everything that people say And you can't take the pain another day D It's coming back around I told you this town Em D C D was just too small (chorus 2) You dress to impress G but you can stop now D B Em It's gonna come back around And around and around G D and around and around C Yeah yeah It's gonna come back around You know that this town is just too small and not too tall (Too tall) To take this, take this again [Whoa] You dress to impress but I've got news You know you're just gonna lose Everything and everyone that means so much to you Everything and everyone that means so much to you C Everything and everyone Cm Em C G D(hold) that means so much to you
