Approach with caution,
I can get overwhelming
But in the best way
So babe, if you think you can handle me
Please, handle me carefully

my insecurities don't take vacations
So babe, if you think you can handle me
Please, handle me carefully

[Pré-Refrão]

'Cause I'm strong in a way
That I know how to show you my fragile
She'll be gone in a minute
If you don't think you're lucky to have her

So, if you think you can handle me
Please, handle me carefully
I could be your favorite dr?am
Baby, nobody can love you like I do

[Segunda Parte]

Yeah, I'm impr?ssive,
I know my superpowers
Now you're invested
I know you wanna come and lay with me
Fall asleep right next to me
