

Demi Lovato - Concentrate

```
Intro: D7M A D7M A
                                                               Coldplay on the radio
        D7M A D7M A
                                                               You keep running through my head
                                                               Wanna do it again, we can take it nice and slow
Bottles of Merlot, I can't stand up now
                                                                           Make music when you're moanin'
                                                                 D7M A
Boy, you got me feeling so weak
                                                                           From night until the morning
D<sub>7</sub>M
Your ocean was drowning me, arms wrapped around me
                                                                 D7M A
                                                                           Just tell me when you're ready
                    Α
Now I'm getting in too deep
                                                               E D7M A
                                                                    And Imma paint your body with my lips
                  D7M
Not falling cause I want to
                                                               Baby, I'll do anything you want
Baby, you keep pushing me
                              Α
                                     D7M
                                                                   D7M
                     D7M
                                                     Α
Don't love you cause I need to, but it's everything you do to
                                                               Lock me down like I'm your slave
me, yeah
                                                                    D7M
                                                               'Cause ooh, when you're done with me
E D7M A
                                                                    D7M
           Make music when you're moanin'
                                                               I can't even concentrate.
 D7M A
                                                               E D7M A
           From night until the morning
                                                                           (Yeah) I can't concentrate
  D7M A
                                                               E D7M A
           Just tell me when you're ready
                                                                           (Yeah) What you do to me, baby
E D7M A
                                                               E D7M A
                                                                            (Yeah) Ooh
     And Imma paint your body with my lips
                                                                  D7M
                                                               Baby, I'll do anything you want
Baby, I'll do anything you want
    D7M
                                                               Lock me down like I'm your slave
Lock me down like I'm your slave
                                                                    D7M
     D7M
                                                               'Cause ooh, when you're done with me
'Cause ooh, when you're done with me
                                                               E D7M A
     D7M
                                                              I can't even concentrate
I can't even concentrate, concentrate
                                                               F D7M A
                                                              I can't even concentrate
            D7M
Ooh, I can?t even concentrate
                                                              E D7M A
                                                               I can't even concentrate
No, hey, yeah
                                                              E D7M A
                                                               I can't even concentrate
Drag of a cigarette, sheet are all soaking wet
