

Demi Lovato - Got My Girls

Tom: C

You think that you're so slick
 I got something for you
 Hold that thought you're old news
 Older than my old shoes
 Since you like to play games
 Grow up act your damn age
 Trix for kids
 You're so lame
 Cause you never really loved me the same
 Now close that door behind you (ay)
 Close that door behind you (yeah)
 Don't let it hit you on the way out
 Ha-ay Ha-ay (yeah)
 Don't let it hit you on the way out
 Boy I'm not thinking bout you (nah)
 Imma drink without you
 Cause my girls are on the way now ha ay ha ay (yeah)
 Cause my girls are on the way now
 I'm on to another
 Cause you changed like the weather
 Say ay
 OI got my girls
 We in the party like
 Ay I got my girl
 We in the party like
 Ay I got my girls
 We be clubbin
 Go home to you're mother
 Cause you're just another sucka
 Say ay
 I got my Girls
 We in the party like
 Ay I got my girls
 We in the party like
 Ay I got my girls
 We be clubbin like
 My phone's on silent
 I'm so tired
 I don't wanna hear your name no more
 I don't wanna see your face no more
 (Shut shut shut shut the front door)
 Immature

You're so wrong
 Don't come back
 You're long gone
 Can't you see I'm priceless?
 You don't have sense to notice it
 Thought you had
 A hold of this
 But you never gave me loving the same
 Now close that door behind you (ay)
 Close that door behind you (yeah)
 Don't let it hit you on the way out
 Ha ay Ha ay (yeah)
 Don't let it hit you on the way out
 Boy I'm not thinking bout you (yeah)
 Imma drink without you
 Cause my girls are on the way now
 Ha ay Ha ay (yeah)
 Cause my girls are on the way now
 I'm on to another
 Cause you changed like the weather
 Say ay
 I got my girls
 We in the party like
 Ay I got my girls
 We in the party like
 Ay I got my girls
 We be clubbin
 Go home to you're mother
